Lenght :

Detail :

These alligator clips with internal thread are dedicated to 2 mm / 8-32 UNC threaded tips. Compared with connecting 4 mm banana tip, advantage is low risk of disconnecting. Attention, for the safety of the user, these alligator clips must be fully screwed on Electro-PJP's 8-32 UNC thread tips, and their connecting (full screwing) / disconnecting (full unscrewing) must be completed without any live voltage.
